

RC DUSTER'S TAILSPIN

Volume 4, Issue 7

July 2007

From the Offices of the R/C DUSTERS May

FROM THE PREZ!!!

The flying season is well under way; the weather is finally starting to cooperate on the weekends, as for our fun fly the weather could not have been any better. Thanks to all who came out to help set up tents, park cars and Jim Brubaker for a great job cooking lunch. We had thirty two registered pilots and it seemed like there was always a plane in the air.

Some of you who have been out at the field should have noticed the safety nets by now let's try to use them. The nets were donated by a friend of mine Greg Bohler. He works for the Batavia School District, and he is an R/C flyer also. The four by four posts that hold the nets up were donated by one of our own club members, Rod Leifeit, thanks again Rod. Don't forget every Wednesday night to come out to the field. Last week we had almost eight flyers out there. Remember guys, safety first and use the frequency board.
See you at the field soon.

Respectfully,

Steve Baker

President RC Dusters

Special Note

The meeting is at ***Flying Field***
See you July 11th at the meeting.

Minutes from May

The June meeting was held at the field. Meeting called to order 7:05 by President Steve Baker. Pres noted that the safety nets have been put up. It was unplanned, but all pitched in last Sunday and got them up. There was no expense to the club. The nets came from the Batavia Park District. The posts were donated by Rod Leifeit. Steve paid for the hardware that was used. Is it a possibility to get new nets each year? Lee suggested that a thank you note be sent to Greg Boller and Rod for their donations.

The roadside cleanup has been cancelled for this time. The next will be late summer. Jim Brubaker noted that he has started getting the food for the fun-fly. We will buy for fifty people. Can always run and get more if needed. It was decided that hot dogs and hamburgers would be enough. No brats. Doc brought up that there should be more uniformity in parking at the field. We will especially be needed at the fun-fly! It was as suggested to paint lines, but that would be quite a undertaking! Steve suggested that if we have someone to get the parking started right and keep it going okay we should have no problems. Lee will take care of overseeing the parking.

Members asked to bring any large coolers, tables, or canopies to the fun-fly. On correspondence, we have received an e-mail from Advantage Hobby in Champaign. They have a program where a club and its members are registered with them. Anytime an order is placed with them, it is recorded and a 2% credit is put towards the clubs account.

RC DUSTER'S TAILSPIN 1

Fun Fact:

A young and foolish pilot wanted to sound cool on the aviation frequencies. So, this was his first time approaching a field during the nighttime. Instead of making any official requests to the tower, he said: "Guess who?"
The controller switched the field lights off and replied: "Guess where!"

2007 R/C DUSTER CALENDAR

JULY 22-23 I.V.R.C. FUN FLY FEATURING JASON
NOIL

AUG 11-12 IMAC EVENT AT FOX VALLEY AERO CLUB
ST. CHARLES.

Minutes Con't.

Also the clubs members will get a 5% discount on there first order and 3% after that. Any credit in the account can be used to purchase merchandise for the club. We will be looking into what is involved to register.

The Treasurer report was given by Steve Baker in absence of the treasurer. Lee suggested we have a "Split the pot", (50-50) drawing at the fun-fly. Jim said he would take care of the 50-50, landing fees, and the money for food. Members asked to be there by 8:00 AM to help set up. It was decided that spectrum radios would not have to be impounded, but they would have to have a pin for it. Also they will be asked if they have any 72MZ radios. They must be impounded!

It was noted that I.V.R.C. will have their fun-fly July 7th and 8th. Jason Noll will be there for demo flights etc. We have some new members, Jack Tredman from Batavia and Jay Leifeit from Oswego. No more business brought up. Meeting was adjourned. Lee brought a China Model Products Yak 54 for show and tell. It is a very nice ARF for \$125.00.

Respectfully Submitted,

Dave Erlenbach--Secretary
