

RC DUSTER'S TAILSPIN

Volume 4, Issue 6

June 2007

From the Offices of the R/C DUSTERS May

FROM THE PREZ!!!

Special Note

The meeting is at ***Flying Field***
See you June 13th at the meeting.

Minutes from May

Meeting called to order 7:00 PM by pres. Steve Baker. The minutes of the April meeting were approved as printed in the newsletter. Treasurer report was read and accepted. Correspondence received was read. There are many fun-fly's coming up in the next few months. John Lombardozzi had some flyers for other fun-fly's coming up. Steve announced that Al's Hobby Shop will have an open house celebrating sixty years. It will be May 19th. Marty reported that the field is OK and has been mowed. Mike KostECKI from the Aurora Hobbytown gave a talk on the new Futaba 2.4 GH 6EX radio.

The fun-fly is coming up June 24th. Jim Brubaker will take care of getting the food. It was decided there would be no combat. With the highway and houses so close, it could pose a safety issue. There will be a transmitter impound set up. When pilots register they will be given a clothes pin to put their name on. The pin will be put on the frequency board when they pick up their radios to fly. Helis will be at the north east end of the field. If they are flown over the field they will have to fly the pattern with the airplanes. Anyone with tables or canopies were asked to bring them. Rain date set for July 1st. There will be no swap area set up but anyone can tail-gate if they want.

The next roadside clean-up set for Sunday, June 3rd, 10:00 A.M. Kids' day for the Scouts will be May 20th, at 1:00 PM

Fun Fact:

People with too much money.

Hong Kong billionaire Joseph Lau has ordered a Boeing 787 'Dreamliner', which was design to hold 250-300 passengers, as a private VIP jet in an order worth some \$153 million dollars at list prices.

Pres Con't

Just a reminder that planes sometimes get out of control and can hit cars or people as well. This just proves that planes can do some damage. If you click on the link, there is a funny conversation of an insurance adjuster that was trying to figure out what happened.

JUNE 24TH FUN FLY

JUNE 22-23 ALS HELICOPTER FLY

AUG 11-12 IMAC EVENT AT FOX VALLEY AERO CLUB ST. CHARLES.

Minutes Con't.

Steve brought up what he had mentioned in the newsletter about safety nets. He has a friend in Batavia who can get good, slightly used tennis nets free! They are forty three feet long. We could set a pipe socket in concrete so the posts could be pulled for mowing etc. Al suggested ordinary steel fence posts. They can be driven easy or pulled if we had to. Should there we have a pipe or tube rail at the top for support?

Gerry brought up about getting club decals to put in car windows etc. He will be looking into it as to where we can get them, cost, and what logo to use. Lee still has some caps left if anyone wants one. Steve is also looking into shirts w/logo and large airplane on the back. Jackets were also suggested.

Meeting adjourned 7:50 PM.

Show & tell

John Lombardozi had a little Extra on a stick. It is used by pattern flyers to work out their routines. He also had a flat foam electric from R.C. Batteries and More. It is a complete package for \$80.00. Kevin Scott had a Hobbico Electristar trainer. You can get it as a complete RTF, or a ARF without radio etc. and is a 40 sized trainer.

Respectfully Submitted,

Dave Erlenbach--Secretary
