

# RC DUSTER'S TAILSPIN

Volume 6, Issue 9

SEPTEMBER 2009

## From the Office of the President

Here we are into September. Where did summer go? At least it has not been unbearably hot. But one thing is for certain, our field has definitely matured nicely this flying season. Great job, Marty!

Our September Fun Fly is scheduled for Sunday, September 13th. Be sure to make it out to the field, and enjoy some fun, food and good times.

Also, our September meeting will be at the Park District office, as we are now losing daylight in the evenings. Before we know it, building and indoor flying season will be upon us.

Calm Winds and Clear Skies,

Kev

## Minutes from August

RC Dusters meeting Aug. 12th- 09 at the field. Meeting called to order at 7:09 by President Kevin Scott. Secretary report as printed in the news letter. A correction was noted. Bill stated that the owner of the Hide Out didn't want random visits to view the planes he has for sale. Would rather have a set time and all interested stop by at one time. Motion at accept - Jim Brubaker. Second - Deane Goldstein. Sunday, Aug. 30th set as the date to go to the Hideout and view the planes that he has for sale. Treasurer report by Treasurer Bill Brubaker. Motion to accept - Chuck Brieschke. Second - Jim Brubaker. The fun-fly was a great success. We had good weather and a good turnout. We also did make a little money on it. A big thanks to Gerry and Dorothy for getting the food and cooking. The spot landing contest was a hit. We should plan on events like that at future fun-fly's. The fall fun-fly is set for Sun. Sept 13th. Lee will have a spot landing or similar contest worked out. Steve Baker will get the food and cook. There will be burgers and brats or Italian sausage and chips on the side. John Koester will get the soda and water. Several will bring coolers for the drinks. It was noted that the field is in the best shape it has ever been in. A big thanks to Marty for the time and work that he has put into it. There was no more business brought up. Motion to adjourn - Jim Brubaker. Second - John Koester. **Show&tell.** Dave E. had a Nitroplanes Extra 330. It has a 63 in wingspan and was meant for nitro power, but has a Himax brushless equal to a 90 2 stroke. Bob Schmidt had a Great Planes Escapade they recently came out with. Has a 52 in wing span. A O.S. 40 for power. (Note, your secretary has seen one with a O.S. 55 on it fly! Is a great flying plane, but a bit overpowered with the 55! )

Respectfully submitted,  
Dave Erlenbach -Sec

## **CALENDAR OF EVENTS**

### **2009 R/C DUSTER CALENDAR**

Next Meeting:

Sept. 9th, 2009 @ 7:00 pm

At The Park District
